PROFESSIONAL SUMMARY

Enthusiastic and motivated Full Stack Web Developer (Fresher) with hands-on experience in the MERN stack (MongoDB, Express.js, React.js, Node.js). Developed responsive and user-friendly web applications through academic and personal projects. Possess strong problem-solving abilities, good communication skills, and a quick learning attitude. Eager to adapt to organizational requirements and contribute effectively to team goals from day one.

Professional Experience

MERN stack intern, *Unified Mentor*   11/2025 – 01/2026
Completed internship at Unified Mentor, developing full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Built responsive UI components, developed RESTful APIs, integrated backend services, and assisted in debugging and optimizing application performance.

EDUCATION

Bachelor of Science, *Vidharbha Institute Of Science And Humanities, Amravati*   06/2020 – 04/2023
Completed a Bachelor of Science (Bsc) from Vidharbha Institute of Science and Humanities, gaining strong foundational knowledge in analytical thinking and problem-solving. Developed discipline, teamwork, and communication skills through academic projects and presentations.

Courses

Fullstack Web Developer, *Prepleaf by Masai*   01/2024 – Present
Pursuing hands-on training in full-stack web development, covering HTML, CSS, JavaScript,   Bengluru
React, Node.js, and practical projects focused on building responsive and dynamic web applications.

TECHNICAL SKILLS

- HTML5
- CSS3
- JavaScript
- React.js
- Node.js
- Express.js
- RESTful APIs
- MongoDB
- Git & GitHub

Soft Skill

- Team work
- Team management
- Time management

PROJECTS

BlueFly Clone ⧉, *React | HTML5 | CSS3 | Git | JavaScript | Redux*
Developed a web application replicating BlueFly functionalities using React. Implemented user authentication and product management systems for secure experiences. Built a responsive design with Chakra UI for consistent multi-device usability

Age-calculator ⧉, *HTML5 | CSS3 | Git | JavaScript*
Built a responsive, user-friendly Age Calculator using HTML, CSS, and JavaScript with accurate age computation in years, months, and days.

Personal Budget Visualizer ⧉, *React.js Node.js Express MongoDB Atlas*
A full-stack web application that allows users to track their income and expenses visually using graphs. Built with the **MERN stack** (MongoDB, Express.js, React.js, Node.js) and deployed using **Render** for backend and **Vercel** for frontend.

Certificates

- Web Development Certificate ⧉
- Masai Speaking Marathon ⧉
